Publicity/Website Committee Report Spring Meeting 2010

For the period between October 2009 & April 2010 the BQSI/MB website, as well as the mailing list, were frequently updated. Postings to the BQSI/MB news section have been placed on a regular basis.

Two new sections: Advocacy & Policy and BiblioAids & More have been added to the site. In March 2010 a new project has been started to help BQSI/MB members promote themselves as professionals through posting members' profiles/resumes on the site.

We are constantly striving to make our website more dynamic and useful and welcome any ideas from our members about expanding and improving it.

I would like to thank all members who helped me in my work: first of all, Laraine Tursi, for her continuing support and assistance; Board members and all others for their suggestions, updates for the site, as well as general encouragement. Thank all of you.

As usual, I ask all members kindly check the information on the website for any errors (such as typos, broken links, outdated information, etc.); please keep me posted on any changes in your profile, so that we could keep our website updated. Also please inform me about your new publications, any changes in AHIP level, etc., to let make all your colleagues know about your achievements. One of the major goals of our group is to provide networking and our website and listserv are perfect means for that. Let's be linked in!

Respectfully submitted,

Yelena Friedman
Publicity/Website Committee Chair
