

## **REPORT OF THE COOPERATIVE PURCHASING COMMITTEE SPRING 2014 UPDATE**

BQSI/MB members continue to participate in the HSLANJ Group Licensing Initiative as it expands to include other libraries throughout the NN/LM MAR Region and include new vendor offerings. BQSI/MB members have participated in the initiative since July 1, 2012.

Members continue to have opportunities to review other products and resources. Rittenhouse R2 Digital Library and SWETS Medical Searcher are among vendors that continue to offer trial reviews of their products as well as offering “subscriber sensitive” pricing. BrowZine and Anatomy.tv have expressed an interest in working with BQSI/MB members.
