

## **REPORT OF THE COOPERATIVE PURCHASING COMMITTEE SPRING 2016 UPDATE**

BQSIMB members continue to participate in the HSLANJ Group Licensing Initiative. BQSI/MB members have participated in the initiative since July 1, 2012 and can now take advantage of the continued growth in the program as it now offers many more resources.

Members continue to have opportunities to review other products and resources. Rittenhouse R2 Digital Library, Canopy Innovations, CE Direct, Mango Languages, and EBSCO's EDS Discovery Health have expressed an interest in working with BQSIMB members with trial reviews of their products as well as offering "subscriber sensitive" pricing.
