Membership Committee Report Spring 2016

As of the spring 2016 BQSIMB has 44 current individual members, 4 affiliated members and 5 emeritus members, representing 38 institutions. Almost a half of the consortia members are involved in the BQSIMB committees. There are 8 Current Board members and 15 Committee members.

Welcome to Paul Tremblay from New York College of Podiatric Medicine Sidney Druskin Memorial Library and Ashley Forest Curran from NYU Langone Medical Center NYU Health Sciences Library who recently joined the consortia.

During this period 3 emeritus members were removed from the directory due to non-renewal of their memberships for more than 2 years.

All membership changes are reflected in the directories located on the BQSIMB website. If you see any discrepancies there, please immediately inform Yelena Friedman, our Webmaster, or myself.
