Publicity/Website Committee Report Fall Meeting 2018

For the period between June 2018 & October 2018 the BQSI/MB website was regularly updated and the members were informed on new postings and changes. The individual and institutional directories were updated based on membership renewals. A member mailing list was updated as needed. A section “Professional Resources” was updated and new resources added. Members are invited to contribute to this page. We continue working with Laraine Tursi, Chair of the Archives Committee, on a project to convert all materials from BQSIMB archives into digital format and post them on the website, so that all members could have access to those materials.

I ask all members keep informing me about your new publications, any changes in AHIP level, etc., to make all your colleagues aware of your achievements. Also, as usual, I ask all of you kindly check the information on the website for any errors (such as typos, broken links, outdated information, etc.). Please keep me posted on any changes in your profile, so that we could keep our website updated.

Respectfully submitted,

Yelena Friedman
Publicity/Website Committee Chair
