Publicity/Website Committee Report Fall Meeting 2020

For the period between October 2019 and October 2020 the BQSI/MB website was regularly updated and the members were informed on new postings and changes. In particular, some information and useful links related to COVID-19 resources has been posted during the period of March-July 2020. The individual and institutional directories were updated as needed, as well as a member mailing list. In collaboration with Laraine Tursi, more materials from BQSIMB archives were converted into digital format and posted on the website.

I ask all members keep informing me about your new publications, any changes in AHIP level, etc., to make all your colleagues aware of your achievements. Also, as usual, I ask all of you kindly check the information on the website for any errors (such as typos, broken links, outdated information, etc.). Please keep me posted on any changes in your profile, so that we could keep our website updated.

Respectfully submitted by

Yelena Friedman
Publicity/Website Committee Chair
