JOURNALS & CONGRESSES: ADVANCED SEARCH

Advanced Search Feature:

- Discover the perfect venue for your data with the Journals & Congresses Advanced Search Feature.
- Search across multiple therapeutic areas and audiences, and filter the entire J&C database using the criteria most relevant to you and your authors:
 - Impact factor
 - Article types accepted
 - Open access options
 - Peer-reviewed status
 - Online only publications
 - Future abstract due date or meeting start date
 - Number of congress attendees
 - Encore acceptance status

The screenshot displays the 'Advanced Search' interface. At the top, there is a 'My Favorite Search Title:' field. Below it, three radio buttons allow selection of 'All', 'Journal', or 'Congress' (which is currently selected). The interface is divided into two main sections: 'Available Therapeutic Areas' and 'Available Audience'. Each section has a list of items on the left and a corresponding empty box on the right, with arrows indicating the ability to move items between them. The 'Available Therapeutic Areas' list includes Acupuncture, Addiction, Administration, Allergy, Anesthesiology, Anti-Aging, Anxiety, and Behavioral Health Services. The 'Available Audience' list includes Academics, Administrators, Advanced Practice Nurses, Advanced Practice Trauma Nurses, Allergists, Allied Health Professionals, Andrologists, and Anesthesiologists. Below these sections, there are two tabs: 'Only For Journals' and 'Only For Congresses'. The 'Only For Journals' tab is active, showing a grid of search criteria with dropdown menus and checkboxes. The criteria include Impact Factor, Circulation, Rejection Rate, Submit to Accept, Accept to e-Publish, and Accept to Print. The 'Only For Congresses' tab shows criteria for Abstract Due Date Occurs, Any Congress Dates Occurs, Number of Attendees, Accepts Encore Abstracts?, and Abstracts Published?. At the bottom, there are three buttons: 'Save as Favorite Search', 'Search', and 'Cancel'.
